ScreenShot 1

The screenshot shows a standard Google search interface. The search bar at the top contains the text "calculator". Below the search bar, there is a list of search results. At the bottom of the page, there is a navigation bar with links for "About", "Advertising", "Business", "How search works", "Privacy", "Help", and "Settings".

Test file: python1

ScreenShot 1

This screenshot shows the same Google search results as the previous one, but with a slight difference. The search bar now contains the text "calculator". The search results list includes items like "calculator", "calculator tools", "calculator app tools", "calculator app", "calculator online", "calculator download", "calculator scientific", "calculator price in pakistan", "calculator price", and "calculator news". The navigation bar at the bottom remains the same.
